- Time Management & Reliability

Work Experience

Self-Employed Care Worker – Norwich

[March/2026] – Present

- Provided high-quality person-centred care for an 82-year-old client with advanced dementia during day and night shifts.
- Supported the client with all daily living activities including personal care, dressing, toileting, bathing, meal preparation, hydration, and mobility assistance.
- Maintained the client's comfort, dignity, emotional wellbeing, and safety in a calm and compassionate manner.
- Assisted with medication routines and ensured care plans and instructions were followed correctly.
- Maintained accurate care records and communicated effectively with family members and healthcare professionals.
- Demonstrated reliability and flexibility while working long shifts independently in home care settings.
